XORP LiveCD

These are the active network interfaces in your machine. Choose the interfaces for XORP to manage. If you don't know what these are, the defaults are probably OK.

Hit TAB to select OK when you're done.

```
[X] 1  dc0 (Ethernet)
[ ] 2  dc1 (Ethernet)
[ ] 3  lp0 (??)
[ ] 4  ppp0 (Point-to-point protocol)
[ ] 5  sl0 (Serial-line IP)
[ ] 6  faith0 (IPv6-to-IPv4 TCP relay)
[X] 7  lo0 (Loopback interface)
```
