

A Total Network Backup Solution, Tailor-made for Business

- Support 4 SATA Hard drives
- Storage Capacity of up to 2TB (Terabyte)
- Disk Options: Single, RAID1, RAID5
- Removable Hard Drives
- Support Microsoft File Sharing
- Microsoft Domain Participation
- SSL Encryption
- Windows Client Backup

Network Storage
Appliance

NSA-2400

Benefits

An Integrated and Enterprise-class Backup Solution

NSA-2400 offers an integrated and enterprise-class backup solution to secure your valuable data. It covers the most common backup strategies used by enterprises today, including desktop/laptop client backup. What used to be considered an expensive luxury has now been made available for small business owners by ZyXEL.

Data Protection

Data protection is particularly important should a disk fail or when data corruption occurs. Underpinned by RAID (redundant array of independent disks), these enterprise-class features allow you to increase data fault-tolerance and instantly reset the entire server back to a specific time period.

Simple Installation and Management

Easy setup wizard guides users through the installation step by step, allowing deployment of a network data storage system in literally minutes. Platform-independent management via an intuitive, fully featured browser-based graphical user interface is exclusively designed for small business with limited IT support. Any unskilled user can successfully install and maintain the NSA-2400.

Specifications

- CPU: C3 1.3GHZ
- DRAM: 128M
- Operating System: Linux
- Type Drive Used: 4 x SATA
- Capacity: 4 x 500GB
- Disk Options: Singl, RAID1, RAID5
- Removable Hard Disk
- Additional Disk IO: USB 2.0
- Network Port: 10/100/1000M
- Distributed File System
- MS File Sharing: CIFS/SMB
- Internet: FTP, HTTP
- MS Domain Participation
- SSL Encryption
- Client backup software bundle

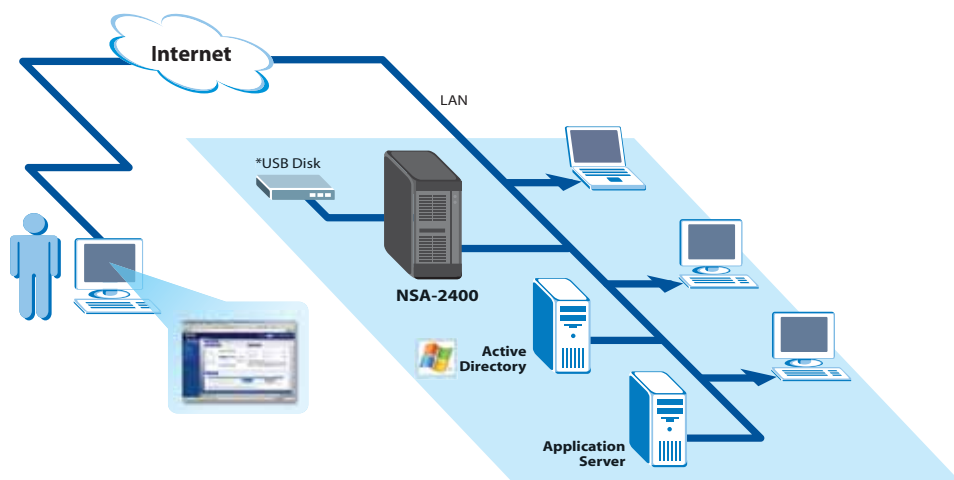

Physical Specifications

- Dimension: 140(W) x 300(D) x 305(H) mm
- Weight: 7.8kg

Environmental Specifications

- Operating temperature: 0°C ~ 50°C
- Operating humidity: 20% ~ 95%, RH (non-condensing)
- Storage temperature: -30°C ~ 60°C
