

Dehydrogenase Enzyme Level and Seed Qualities in Green Soybean Seeds
Produced under Different Planting Dates

Dacha Maeprasart, Suchada Vearasilp and Nattasak Krittigamas

Identification of nutrient limitation for development and yield of cowpea (*Vigna unguiculata*),
intercropped with maize, on an Alumi-Haplic Acrisol

de Barros, I.; Gaiser, T; Herfort, J.; Römheld, V.

Calibration of EPIC for Simulation of Crop Growth in Northeast Brazil

Hilger, T.H., J. Herfort, D. E. Leihner, T. Gaiser, and L. Gonzaga Rebouças Ferreira

Potential Of Leguminous Cover Crops In Improving Maize Yield In Semi-Arid Ghana.

Mathias Fosu, Ronald F. Kühne and Paul L.G. Vlek

Urbane Landwirtschaft am Beispiel der Organopónicos in Havanna/Kuba

Heide Hoffmann

Predicting Emergence and Seedling Growth of Barley Seed by Using Seed Vigour Indices

Nattasak Krittigamas and Suchada Vearasilp

Feeding soil microbes, animals or humans?

Norbert Steinmüller

Barley Seed Growth, Development and Their Protein Accumulation

Produced under Irrigated Northern Thailand

La-oong-dow Sangla and Suchada Vearasilp
